

Kindness in Action

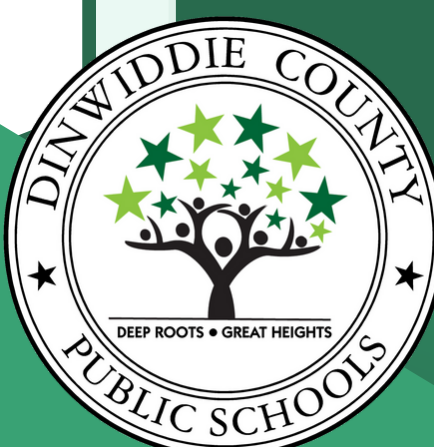

I use my words and actions to lift others up.

I look for ways to help, encourage, and include.

I take time to help others.

I treat others the way I want to be treated.

I show patience when someone makes a mistake.

Respect in Action

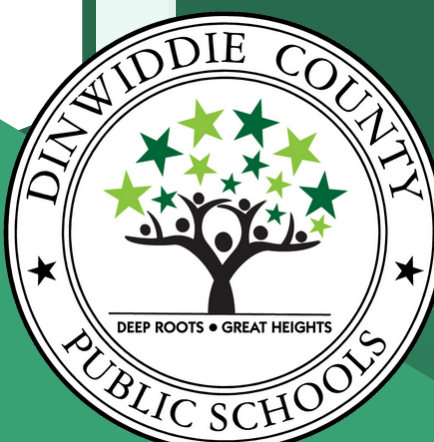

I **listen** without interrupting when someone is speaking.

I **treat** others' ideas and perspectives as valuable, even if they differ from mine.

I **use** polite language , even in difficult situations.

I **take care** of shared spaces by cleaning up after myself.

I **honor** differences in culture, background, and beliefs

Carrying the Banner in Action

I speak positively about my school and others, even when they aren't present.

I celebrate the successes of others as if they were my own.

I contribute solutions instead of dwelling on problems.

I defend those who don't have a voice in the moment.
