E-mail Usage Policy

Section G – Personnel; Code – G

Introduction

This policy sets out the general rules and guidelines for use of electronic mail (e-mail) in the Dinwiddie County Public Schools (DCPS), including electronic noticeboards hosted therein. E-mail and other electronic information systems will reduce the need for paper-based communication. DCPS makes an e-mail system available and encourages the appropriate use of e-mail as an alternative to paper based communication.

The DCPS e-mail system is coordinated and managed by the Department of Technology. No other e-mail system (server or client) is recognized or supported by DCPS.

Use of E-mail

The e-mail system is DCPS property and DCPS reserves the right to monitor and to access any e-mail messages. The use of e-mail for personal purposes is permitted for convenience. All users are responsible for ensuring that their e-mail usage is within regulations and is ethical and lawful. The sending of text or images that contain material of an offensive, indecent or obscene nature is prohibited.

Provided the appropriate security guidelines are followed, e-mails sent from one user to another on the same e-mail system are relatively secure - any other e-mails should at all times be regarded as having the same status as a postcard. Users of e-mail should be aware of formal requirements and good practice in the use of e-mail as set out in the sections below.

E-mail may be used for any legal activity in furtherance of the aims or policies of DCPS, subject to the conditions listed below. The following specific uses are excluded:

- Any use that violates DCPS policies, standards or administrative notices;
- The use of another individual's e-mail account using that individual's identity (i.e. the individual's username/password details);
- Impersonation or misrepresentation of another individual;
- Alterations of source or destination address information;
- The use of e-mail that could result in the inadvertent commitment of DCPS to a contract or agreement if it appears to the other party that he/she has authority to do so;
- The use of e-mail for personal reasons to promote or denigrate companies or organizations, or defame other employees.

Misuse of E-mail

Penalties for misuse of e-mail will depend on the seriousness of the offence, and be in accordance with current DCPS Procedures.

Code of Practice for E-mail Users

Users should make every effort to adhere to the following guidelines for appropriate use:

- Check your e-mails regularly;
- Be polite. Messages sent by e-mail can often seem abrupt, even when this is not the intention. Use professional courtesy and discretion. The use of all upper-case text in either the subject or the body of an e-mail should also be avoided as this is deemed to be the e-mail equivalent of shouting;
- Do not reply with history of message if it is not necessary, especially if it incorporates a large attachment.
- Do not use "Reply to All" and distribution lists unless the message is relevant to all the specified recipients in order to keep the number of your messages to a minimum and reduce the risk of sending messages to the wrong people;
- Set the Auto Responder (Out-of-Office) to deal with your e-mail if you are away;
- Messages should be clearly addressed to those from whom an action or response is expected, "cc" or "bcc" should be used for other recipients of the message;
- Respect privacy and consider this aspect before forwarding messages;
- Delete unwanted or unnecessary e-mail. It is the user's responsibility to manage their own e-mail folders and keep within the quota limits set. The Technology Department can give advice and assistance if required;
- Unsolicited e-mail, especially with an attachment, may contain a virus. If in doubt, delete the e-mail or contact the Technology Department before opening if possible;
- Do not attempt to carry out confidential or sensitive tasks exclusively by e-mail;
- Enter a meaningful 'Subject' field to help the reader anticipate the content correctly;
- Do not use all or part of someone else's message without acknowledgement. Do not edit someone else's message without making clear the changes that you have made and do not distribute other people's messages without permission;
- Avoid subscribing to unnecessary mailing lists. Unsubscribe from mailing lists when they are no longer required;
- E-mail group lists provided by the Technology Department should be used for matters of DCPS or individual school business. Use of multiple e-mail group lists should be avoided unless absolutely necessary. Prior permission from the Technology Department is required to send a message to all users;
- Do not forward e-mail "chain letters". These are e-mails which either ask you to forward them on to all your friends (or to everyone you know) or which state that something bad will happen if you do not forward them on. E-mails of this type, including those warning about something (e.g. computer viruses), are almost certainly hoaxes;
- If you are unsure about any e-mail that you've received, contact the Technology Department for assistance.

Cautionary Notes

The nature of e-mail is such that total confidentiality cannot be guaranteed and users should be aware of the following points about the use of e-mail:

- Copies of e-mail may exist on a back-up copy or a remote system even after the author or recipient has deleted the message;
- E-mail may be forwarded by any recipient without the author's consent, although it may not have been the author's intention. A forwarded message may be a modified version of the original;
- It is possible for the author or sender of an e-mail to disguise or alter their identity;
- Organizations outside DCPS may have different policies on e-mail. Some consider it the property of the organization, subject to examination, copying or forwarding. Be aware of this possibility when sending e-mail;
- A reply to a personal message sent via a 'list server' or electronic bulletin board may be inadvertently distributed to all subscribers to the list;
- Usernames and passwords should not be disclosed to others. This could result in security breaches and other people using your e-mail account to send unauthorized messages. Suspected security breaches should be reported to the Technology Department at once;
- Once a message is sent, there is no way to recall it. Check carefully that messages are addressed to the correct recipient(s) before sending.

Auditing

The Technology Department does not routinely monitor or access e-mail. All e-mails, however, arriving at Dinwiddie County Public Schools are automatically scanned for viruses and for "spam" content, i.e. whether they match unsolicited, nuisance, e-mails previously sent to the School DCPS - any such e-mails are blocked. Filtering/virus-scanning can never be 100% effective so any unsolicited e-mails/attachments should always be treated with caution. Similarly, an e-mail may be incorrectly marked as infected or "spam" and therefore some e-mails could be blocked unnecessarily. The Technology Department reserves the right of access to users' e-mail and audit logs on both the client workstation as well as the servers for legitimate purposes, such as investigation of complaints of misuse. Content and audit logs for both sent and received e-mail may be inspected (including personal e-mail) at any time without notice. Authorization must always be given by the Director of the Technology Department (or designee) for access to staff e-mail.

The Technology Department will endeavor to maintain privacy of e-mail. There may be special cases, however, when it is essential that e-mail messages are accessed due to, for example, illness of the owner of a mailbox. In these instances, on the request of the appropriate Administrative personnel and on the authorization of the Director of the Technology Department (or designee), the Technology Department may locate and make available e-mail messages for access by a member of staff. The owner of the mailbox will be notified in due course.

Certain authorized members of the Technology Department may necessarily have access to the contents of e-mail messages in the course of system administration. Any knowledge thus obtained will not be communicated to others, unless required for system administration.

The Technology Department reserves the right to take special actions in administering e-mail if this is essential to preserve the integrity or functionality of the systems. This may include the deletion of e-mail.

Retention

DCPS has an automatic centralized system to archive e-mails. This enables DCPS to track down previous e-mails in respect of correspondence that would be significant in an internal or external matter (e.g. correspondence of a contractual nature). It will also be used to provide access to information, when required to do so, in response to a request for information pursuant to the Virginia Freedom of Information Act.

The e-mails are stored as part of an archiving system. Generally, e-mails will be archived for a period of no less than two calendar years.

Deletion and Archiving

E-mail messages are archived along with other files in accordance with existing Technology Department operational procedures so messages deleted by users might still be held on archives. Archiving of e-mail messages, however, is not intended to act as a backup to user mailboxes and recovery will be limited to division critical messages. Users should make an effort to maintain their own essential messages.

Security – Opening and Closing of Accounts

Computer and e-mail accounts for staff are set up by the Technology Department. Associated passwords are issued directly to the end user or via faculty staff.

Notice to Applicant/Volunteer

Directions for Challenging a Criminal History Record

In the event you are determined not qualified to work or volunteer in a position that involves access to children, the elderly or disabled you may initiate a personal review of a criminal record. Please remember: you were fingerprinted for the position and the Central Criminal Records Exchange (CCRE) of the Department of State Police has determined the fingerprints are identical to criminal fingerprints on file at CCRE and/or the Federal Bureau of Investigation (FBI) and a conviction exists which is a barrier to employment or volunteering services. To initiate a review of a criminal record, follow these instructions:

CCRE – Criminal Record within the Commonwealth of Virginia

Report to Virginia State Police Administrative Headquarters between the hours of 8:00 am and 4:30 pm at 7700 Midlothian Turnpike, Richmond, Virginia or a VSP Area Office* and inform the receptionist you desire to challenge a criminal record. You must provide two forms of identification, one of which must contain a photograph. Your fingerprints will be obtained and searched against the criminal record fingerprint database and the criminal history record for the State of Virginia only will be reviewed with you. Should you have a discrepancy either at the charge or final disposition level you must address it with the contributor of the record or the court or arresting agency that submitted the record to CCRE. CCRE staff will provide the necessary guidance and information to establish contact with a contributing agency.

* VSP Area Office locations are listed at: https://www.vsp.virginia.gov/Office_Locations.shtml

FBI – Criminal Record outside the Commonwealth of Virginia

Telephone the FBI, Special Correspondence Unit at (304) 625-5590, or visit <https://www.fbi.gov/services/cjis/identity-history-summary-checks> for instructions.

Privacy Act Statement

Authority: The FBI's acquisition, preservation, and exchange of fingerprints and associated information is generally authorized under 28 U.S.C. 534. Depending on the nature of your application, supplemental authorities include Federal statutes, State statutes pursuant to Pub. L. 92-544, Presidential Executive Orders, and federal regulations. Providing your fingerprints and associated information is voluntary; however, failure to do so may affect completion or approval of your application.

Principal Purpose: Certain determinations, such as employment, licensing, and security clearances, may be predicated on fingerprint-based background checks. Your fingerprints and associated information/biometrics may be provided to the employing, investigating, or otherwise responsible agency, and/or the FBI for the purpose of comparing your fingerprints to other fingerprints in the FBI's Next Generation Identification (NGI) system or its successor systems (including civil, criminal, and latent fingerprint repositories) or other available records of the employing, investigating, or otherwise responsible agency. The FBI may retain your fingerprints and associated information/biometrics in NGI after the completion of this application and, while retained, your fingerprints may continue to be compared against other fingerprints submitted to or retained by NGI.

Routine Uses: During the processing of this application and for as long thereafter as your fingerprints and associated information/biometrics are retained in NGI, your information may be disclosed pursuant to your consent, and may be disclosed without your consent as permitted by the Privacy Act of 1974 and all applicable Routine Uses as may be published at any time in the Federal Register, including the Routine Uses for the NGI system and the FBI's Blanket Routine Uses. Routine uses include, but are not limited to, disclosures to: employing, governmental or authorized non-governmental agencies responsible for employment, contracting, licensing, security clearances, and other suitability determinations; local, state, tribal, or federal law enforcement agencies; criminal justice agencies; and agencies responsible for national security or public safety.

Applicant's Rights: Your fingerprints will be used to check the criminal history records of the FBI and the Central Criminal Records Exchange (CCRE) of the Virginia State Police. You have the right to expect that officials receiving the results of the criminal history record check will use it only for authorized purposes and will not retain or disseminate it in violation of state or federal statute, regulation or executive order, or rule, procedure or standard established by the National Crime Prevention and Privacy Compact Council. If agency policy permits, the officials may provide you with a copy of your FBI criminal history record for review and possible challenge. If agency policy does not permit it to provide you a copy of the record, you may obtain a copy of the record by submitting fingerprints and a fee to the FBI. Information regarding this process may be obtained at <https://www.fbi.gov/services/cjis/identity-history-summary-checks>. If you decide to challenge the accuracy or completeness of your FBI criminal history record, you should send your challenge to the agency that contributed the questioned information to the FBI. Alternatively, you may send your challenge directly to the FBI. The FBI will then forward your challenge to the agency that contributed the questioned information and request the agency to verify or correct the challenged entry. Upon receipt of an official communication from that agency, the FBI will make any necessary changes/corrections to your record in accordance with the information supplied by that agency. (See 28 CFR 16.30 through 16.34.) You may obtain a copy of your Virginia Criminal History by submitting VSP Form SP-167, available at http://www.vsp.state.va.us/CJIS_Criminal_Record_Check.shtml, to the CCRE. You may challenge the accuracy or completeness of a Virginia criminal history record through the CCRE Expungement/Record Challenge Section, which can be reached at (804) 674-6723 for further information about this process.

ORIGINAL SIGNED FORM MUST BE RETAINED BY QUALIFIED BUSINESS/ORGANIZATION. IF THE SUBMISSION OF FINGERPRINTS IS NOT DONE ELECTRONICALLY, A FINGERPRINT CARD SHOULD BE MAILED TO VSP ALONG WITH A COPY OF THIS FORM.

VIRGINIA HUMAN RIGHTS ACT REASONABLE ACCOMMODATIONS FOR DISABILITY

Protections from Discrimination – Va. Code § 2.2-3905.1

Effective July 1, 2021, employers with more than five employees for a 20-week period in the current or preceding year must provide reasonable accommodations for otherwise qualified persons with disabilities if necessary to assist such person in performing a particular job, unless the accommodation would impose an undue hardship on the employer. “Person with a disability” means any person who has a physical or mental impairment that substantially limits one or more of her major life activities or who has a record of such impairment. Employers also may not, in response to a request for a reasonable accommodation for disability:

- take adverse actions against an employee;
- deny employment or promotions; or
- require an employee to take leave if another reasonable accommodation can be provided.

Reasonable Accommodations

Examples of reasonable accommodations include modifying work policies, permitting the use of leave, reassignment to a vacant position, acquisition or modification of equipment, assistance with manual labor, job restructuring, a modified work schedule, and light duty assignments.

Interactive Process

When an employee requests an accommodation, employers must engage in a timely, good faith interactive process with the employee to determine if the requested accommodation is reasonable and, if not, discuss alternative reasonable accommodations that may be provided.

Complaints

Any person who believes they were discriminated against on this basis may file a complaint with the Office of Civil Rights.
