 - f. All candidates for graduation are to wear their tassels on the right side. You will move this to the left side after the Superintendent accepts the graduating class and directs you to move it.

Your end-of-the-year report card will be mailed. If you ordered a miniature diploma it will be mailed with your report card. Scholarships and awards will be given out on Senior Academic Achievement night. If you are not able to attend, you will need to make arrangements with your counselors to pick up the information.
5. **The Commencement Exercises:**
 - a. The line-up will be in alphabetical order. It is very important that you stay in line, single-file. All seats must be filled in each row. Do not leave seats open.
 - b. The Marshals will lead and direct you at all times. Follow them.
 - c. March in time with the music, maintaining a distance of approximately four (4) feet behind the person in front of you. Let your left foot strike the ground on the beat of the drum.
 - d. When in place, remain standing until after the National Anthem. The program tells you when to be seated. Young men should remove their caps for the National Anthem. Caps are to be worn at all other times.
 - e. When you are directed to stand before moving to get your diploma, the whole row of seats will stand at the same time. Move into line so that you are not blocking the audience's view. Again, follow the directions of the marshals!
 - f. As one graduate receives his diploma, the next candidate should be in position to move and receive his diploma. Follow the instructions of the Marshals.
 - g. As you approach the Principal, take your diploma in your left hand Your photograph will be taken at this moment!! ☺ Smile ☺ You will then greet all remaining dignitaries. Directions on ordering your photos will be in the back of the program.
 - h. After the Superintendent accepts the class, you will move your tassel over to the left side as a mark of your status as official graduates. Congratulations!! Everyone should do this at the same time.
 - i. Pay attention to the elements of your ceremony; this is a once-in-a-lifetime achievement!
 - j. We understand that many students like to throw their caps after the Superintendent accepts the class, the ceremony is ended, and the recessional music begins. If you choose to do this, please pick it up quickly and return to your place for the recessional.
 - k. There will be a Recessional. Follow the Marshals. The Commencement Exercises end when you have finished processing through the lines of faculty. You will be outside the building, so have your family and friends find you outside.
