## Equity in Dinwiddie County Public Schools

Equity is central to the DCPS core values and mission. As defined in the division's [Educational Equity Policy DAB](#), *the concept of educational equity is not the same as equality. Equity refers to fostering a barrier-free environment whereby by all students, regardless of race, color, religion, national origin, sex, sexual orientation/gender identity, pregnancy, childbirth or related medical conditions, age, marital status, disability, or genetic information, have the opportunity to benefit from the establishment of high standards and the provision of access, support, effective and inclusive learning environments and resources required for a high-quality education.* To achieve this mission, we must promote practices, policies, and interventions that advance diversity, equity, and full inclusion of all students, families, and school communities in proactive discipline approaches and understandings.

DCPS will continue to work to promote equity and reduce disparities based on *race, color, religion, national origin, sex, sexual orientation/gender identity, pregnancy, childbirth or related medical conditions, age, marital status, disability, socio-economic status, or genetic information* where they might exist in discipline. There is a longstanding and pressing challenge regarding overuse of exclusionary discipline (e.g., office discipline referrals, suspensions) for students of color and students with disabilities, we recognize the critical role that race has played historically in contributing to persistent inequities in discipline. Moreover, many common efforts to address the problem have not been shown to enhance equity in school discipline. DCPS is committed to confronting and addressing inequitable discipline practices and procedures where they exist through integrating an equity lens into all aspects of discipline and implementing Positive Behavioral Interventions and Supports (PBIS), aligned with equity.

Specifically, some of the actions taken by DCPS are:

- Adopting [Educational Equity Policy DAB](#)
- Implementing the DCPS Equity Strategy Team
- Requiring Culturally Responsive Practices training for all staff members
- Partnering [Office of Strategic Engagement](#) at Virginia Commonwealth University to continue to build capacity for implementing strategies based on best practices in education
- Working collaboratively with internal and external stakeholders to lead, communicate and support our division's equity priorities

## CODE OF CONDUCT

### BEHAVIOR INTERVENTION AND RESPONSE

DCPS is committed to creating and maintaining safe, equitable, culturally responsive and supportive learning environments for all students. As a part of that commitment, the *Code of Conduct* is provided in order to outline behavioral expectations, categories of behavior and disciplinary actions that may occur as a result of student misconduct. Responses to student behavior are progressive in nature; that is, the level of response increases as the number of instances of similar inappropriate behavior increases. In addition, [Positive Behavioral Interventions and Supports \(PBIS\)](#) is a multi-tiered system of supports that is utilized district-wide with a focus on teaching expectations for behavior, reinforcing positive behavior and addressing inappropriate behavior with interventions and disciplinary consequences.

- Computers
- Electronic tablets
- Electronic readers
- Servers
- Network devices
- Multifunction devices
- Telecommunication devices
- Printers
- Scanners
- Peripheral equipment
- Local and wide area networks
- Internet access
- Software
- Apps

- Data
- Digital content

Misuse of computer systems may result in disciplinary action including long-term suspension and/or expulsion. Computer systems shall not be used to conduct illegal activities or to send, receive, view, or download illegal materials.

Any authorized or unauthorized use in school or out of school of computer software, computer networks, telecommunications, information technology, and related technologies, or involvement in willful acts that

- cause physical, financial, or other harm in any manner, or
- disrupt or interfere with the education of students in any manner

are prohibited and may result in a recommendation for expulsion.

Any student who fails to comply with the terms of the [Acceptable Use Policy](#) or the regulations developed by the Superintendent may lose system privileges, and students may be disciplined in accordance with the *Code of Student Conduct* or other School Board policies and division regulations governing student discipline. Students may also be the subject of appropriate legal action for violation of these policies or regulations [School Board Policy IIBEA-E](#).

## VIRTUAL LEARNING

Virtual learning may take place as a result of an adjustment in a student's academic setting, inclement weather, or a necessary response to a crisis (such as a health pandemic or natural disaster).

Students are under school jurisdiction while participating in virtual learning and remain subject to all DCPS rules and regulations. Disciplinary action will be taken and may be adjusted to align with a virtual format (e.g., virtual detention, suspension from synchronous learning).

Students are reminded of the following online etiquette:

1. Only teachers and instructional staff are permitted to initiate conferences/virtual sessions. Students are not allowed to create their own video conferences/virtual sessions with other students.
2. Students are required to follow school guidelines regarding activation of their cameras when in a video conference/virtual session.
3. Students are required to follow school guidelines regarding use of their real names when in a video conference/virtual session.
4. Students are not allowed to take pictures or post details of video conference/virtual sessions on social media.
5. Students are always expected to operate under the *Code of Student Conduct* while engaged in online learning.
6. All student usage/activity on school issued Chromebooks is tracked, even while students are at home. Chromebooks issued to students are the property of DCPS; as a result, students are expected to follow the same rules for acceptable technology use as if they were in school. Students may be disciplined in accordance with the *Code of Student Conduct* for violation of these rules.

Helpful Tips:

- 1. Set (and stick to) a schedule.** Your schedule should reflect the school schedule and consider your circumstances at home (work schedules, sleep schedules, chores, etc.). Help your student create a visual schedule with all meeting codes included to keep near his/her work station. If school schedules or home circumstances change, make sure to update the schedule and discuss as a family the adjustments needed to stay on a routine.
- 2. Make sure your student has the necessary materials to complete all assignments.** Stable Wi-Fi connection, paper, pencil, and any other resources that help with learning should be readily available.

- 3. Provide an environment conducive to learning.** Set up a workstation for your student. Desks are great, but kitchen tables work nicely too! Learning from bed is distracting to other students during synchronous learning and is highly discouraged. Make sure the background behind the workstation is free of distractions. There should never be anything visible that students are prohibited from bringing to school (weapons, drug paraphernalia, inappropriate posters or drawings, etc.). Light background noise and music may help some students stay focused when microphones are off or during asynchronous activities.
- 4. Avoid teaching your student (this is not home-schooling) but help them understand concepts, practice, or review skills if you are able.**
- 5. Follow up with your student to make sure all work is completed.** Parent Portal is a useful tool so make sure you have signed up for access to view your student's grades. Check at least once a week to make sure there are no missing assignments. Create an environment at home that helps student's feel comfortable with making mistakes and have open communication with your student about grades and progress. If you see any discrepancies in gradebooks, respectfully reach out to your student's teachers.
- 6. Encourage Self-advocacy skills with your student.** Have your student check messages from teachers daily and to respond if a response is warranted. Encourage your child to ask questions and seek help when needed. Most teachers have opportunities for help sessions, tutoring, office hours, etc. to further support the needs of your child.

## **BRING YOUR OWN DEVICE (BYOD)**

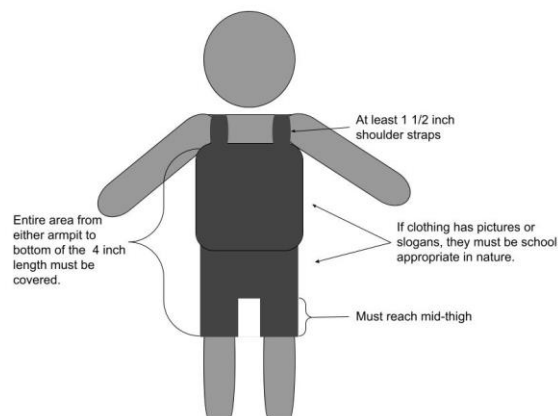

Students are allowed to use privately owned electronic devices to access the DCPS wireless network. This wireless access provided to the devices is designed to enhance the students' educational experience and outcomes. Connecting to the DCPS Wi-Fi network with personal devices is a privilege, not a right. Permission to bring and use privately owned devices is contingent upon adherence to DCPS guidelines. If a privately owned device is used by a student to disrupt the educational environment, in the sole opinion of DCPS, that student's privileges may be limited or revoked. The school division reserves the right to examine the privately owned electronic device and search its contents if there is a reason to believe that school division policies or local, state and/or federal laws have been violated. Devices are brought to school at the students' and parents'/legal guardians' own risk. In the event that a privately owned device is lost, stolen or damaged, DCPS is not responsible for any financial or data loss.

## STUDENT DRESS CODE

The purpose of the DCPS Dress Code is to help ensure that the educational environment is inclusive, safe and free of distractions from learning so that all students are able to learn to their full intellectual potential, develop appropriate and acceptable social/emotional skills, and become productive members of the community and society as a whole.

The primary responsibility for a student's choices resides with the student and parent(s)/legal guardian(s). DCPS expects that all students will choose to dress or carry on or about their person only items/images that are appropriate for the school day or for any school-sponsored event. Student choices should respect DCPS' intent to sustain a community that is inclusive of a diverse range of identities, must not contribute to a hostile or intimidating atmosphere for any student or staff, and must not interfere with the health or safety of any student or staff.

The school district and individual schools are responsible for seeing that a student's attire does not interfere with the health or safety of any student or staff and that a student's attire does not contribute to a hostile or intimidating atmosphere. It is recommended that missed instructional time due to Dress Code violations be kept to a minimum, when possible. It is the responsibility of the principal or designee to determine if a student is dressed appropriately under the DCPS Dress Code. When enforcing the Dress Code, all students will be treated equitably regardless of race, sex, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, household income or body type so as not to reinforce or increase marginalization or oppression of any group. For those schools with student uniform requirements, enforcement must be equitable, with no group experiencing disproportionate enforcement, specifically based on gender, sexual orientation, race, religion, or body type.

The administration of each school has the authority to notify students and parents of modifications to the dress code for spirit days and other school celebrations, as particular items pose a disruption, or as other circumstances arise. The new dress code is aiming to be inclusive of all genders, body types, cultures, and ethnicities. Specific questions should be directed to administrators of each building.

Students are expected to dress appropriately for a K-12 educational environment. Any clothing that interferes with or disrupts the educational environment is unacceptable. Clothing with language or images that are vulgar, discriminatory, or obscene, or clothing that promotes illegal or violent conduct, such as the unlawful use of weapons, drugs, alcohol, tobacco/vapor devices, or drug paraphernalia or clothing that contains threats such as gang symbols (i.e. bandanas) are prohibited.

1. The front and back of the body, from the armpit down to mid-thigh, all skin must be covered. Shirt straps<sup>1</sup> must be 1½ inch or wider.
2. Messages on clothing, chains, jewelry, and personal belongings that pertain to drugs, alcohol, tobacco/vapor devices, sex, gangs, vulgarity, or that could cause a substantial disruption to the learning environment are not allowed.
3. All clothing must cover undergarments at all times on school property.
4. Sheer and see-through clothing must have solid material underneath that follow the box as seen above.
5. All shoes must contain a sole; slippers and shoes with wheels “Heelys” are not allowed. For safety reasons, elementary students are encouraged to wear athletic shoes or closed toe shoes with a rubber sole and should wear such shoes for Physical Education and recess.
6. Only prescription glasses may be worn in the building.
7. No hats or hoods allowed unless required for cultural, religious or medical reasons.
8. During school hours, grooming products must remain in a book bag, including but not limited to; combs and brushes.

#### **Clarifications/Definitions**

1. The piece of the garment that allows it to be hung on a hanger.
2. Shirt strap widths are different based on the age and maturity level of the group.

# STUDENT BEHAVIOR CATEGORIES

The following behavior categories have been developed by the state and are designed to recognize the impact student behavior has on the school environment and on learning. They encourage awareness of students' social-emotional development and emphasize the importance of helping students achieve academically and develop SEL (Social-Emotional Learning) competencies.

## **Behaviors that Impede Academic Progress (BAP)**

These behaviors impede academic progress of the student or of students. They are typically indicative of the student's lack of self-management or self-awareness. Sometimes, the student may need help in understanding how the behavior impacts others so training in social awareness may also be indicated.

## **Behaviors Related to School Operations (BSO)**

These behaviors interfere with the daily operation of school procedures. Students exhibiting these behaviors may need to develop self-management, self-awareness, or social awareness skills.

## **Relationship Behaviors (RB)**

These behaviors create a negative relationship between two or more people that does not result in physical harm. Relationship behaviors affect the whole school community in that the school climate is often a reflection of how people treat one another. Students who exhibit difficulty with relationship behaviors may also have difficulty with the other social-emotional competencies.

## **Behaviors that Present a Safety Concern (BSC)**

These behaviors create unsafe conditions for students, staff, and visitors to the school. The underlying reasons for this type of behavior may lie in any of the social-emotional competencies so the administrator should investigate the underlying motivation for the student's behavior. Training in social awareness and decision-making are usually indicated in any behavior that creates a safety concern.

## **Behaviors that Endanger Self or Others (BESO)**

These behaviors endanger the health, safety, or welfare of either the student or others in the school community. Behaviors that rise to this level of severity are often complex. While they are indicative of poor decision-making skills, students who exhibit these behaviors may also have developmental needs in the other social-emotional competencies.

## **Persistently Dangerous Behaviors (PD)**

These behaviors are deemed as persistently dangerous by the state.

## STUDENT BEHAVIOR DESCRIPTIONS

The following section outlines specific behavior descriptions and examples of behaviors that fall under each of the six behavior categories (outlined in the [previous section](#)). The following summarizes the levels of disciplinary responses which shall be enforced by school personnel with students who are in violation of school rules, *Code of Student Conduct*, School Board Bylaws, Policies, Division Regulations, the Discipline Guidelines, and/or local, state, or federal laws. Disciplinary responses to student behavior are dependent on the nature of the behavior and are progressive in nature; that is, the level of response increases as the number of instances of similar inappropriate behavior increases.

*Note: If the Principal or his/her designee determines that the student's presence at school creates a continuing danger to persons or property or an ongoing threat of disruption, the student may be removed from school immediately.*

## LEVEL 1 RESPONSES

*Level 1 responses are intended to prevent further behavioral issues while keeping the student in school.*

**Afternoon/Evening School (RISE)**- An administrative detention, not to exceed three hours, that is held after school or in the evening with the permission of the parent/legal guardian. Students must be supervised by a teacher, administrator, or paraprofessional.

**Revocation of Privilege** - The removal of a student privilege (e.g., use of technology, ability to possess electronic device) for a defined length of time.

**Timeout** - The temporary removal of the student from class.

**Verbal Warning/Reprimand** - The staff member will remind the student of appropriate behavior/tell the student not to engage in inappropriate behavior. Every

effort should be made to conduct warnings/ reprimands privately.

## LEVEL 2 RESPONSES

*Level 2 responses are designed to prevent further behavioral issues and attempt to keep the student in school. Depending upon the severity of the behavior, short-term removal of the student from the classroom may be appropriate.*

**Community Service** - An approved duty or activity meant to make restitution for actions and/or benefit both the student's personal growth and the school community. The assignment must be a written mutual agreement between parent/legal guardian, student and administrator.

**In-School Suspension /Class Removal (up to 3 days)** The administrator may assign the student to in-school suspension (ISS) for up to three school days (i.e., quarter day, half day, full day). During a period of ISS, the student is assigned to a classroom for up to three days and is given classwork by qualified school personnel serving as the school's ISS Coordinator. Students are given an excused absence for all classes missed while in ISS.

**Bus Suspension** - The temporary removal of the student from the bus or a loss of bus privileges (up to 5 days).

## LEVEL 3 RESPONSES

*Level 3 behaviors, dependent upon the severity, chronic nature of the behavior and/or safety concerns, may result in the students' short-term removal from school.*

**In-School Suspension/Class Removal (3 to 5 days)** - The administrator may assign the student to in-school suspension (ISS) for up to three school days

(i.e., quarter day, half day, full day). During a period of ISS, the student is assigned to a classroom and is given classwork by qualified school personnel serving as the school's ISS Coordinator. Students are given an excused absence for all classes missed while in ISS.

**Bus Suspension** - The temporary removal of the student from the bus or a loss of bus privileges (up to 10 days).

### **Pathways Learning Academy Referral**

The Dinwiddie Pathways Learning Academy provides students with an opportunity to earn a standard diploma. Instruction in the program is presented in a blended model including individual self-paced study online learning with teacher facilitation, and direct support of content from licensed teachers. Students' educational progress towards graduation will continue to be monitored by their professional high school counselor. Students are also afforded the opportunity to participate in hands-on learning experiences such as gardening, Rowanty Technical Center, video production, and entrepreneurship.

**Out-of-School Suspension (up to 5 days)** The administrator may assign the student to out-of-school suspension (OSS) for a period up to five days (i.e., quarter day, half day, full day). During the period of OSS **restrictions** are in place. The student is not permitted on school property or at school-sponsored activities. The student will be provided classwork and homework material so that the student may remain current with school instruction while enrolled in school. The parent/legal guardian shall be required to confer with the administrator prior to the student's reinstatement from OSS.

### **LEVEL 4 RESPONSES**

*Level 4 behaviors may require a report to the Chief Academic Officer (as the Superintendents' designee) as outlined in [Virginia Code §22.1-279.3:1](#). It does not automatically result in a long-term suspension, change of placement or expulsion. After a review of the incident in context, the student may be permitted to return to the comprehensive setting with additional supports and/or responses to be implemented.*

### **Student Success School-Based Referral**

If the student has had five or more disciplinary referrals without an improvement in behavior after interventions and supports put into place by the school, the Principal or designee may refer the student to Student Success Team to develop a behavior

improvement plan. The student and parent/legal guardian should be included in this process.

**Out-of-School Suspension (6-10 days)** The administrator may assign the student to out-of-school suspension (OSS) for a period of six to ten days. During the period of OSS **restrictions** are in place. The student is not permitted on school property or at school-sponsored activities. The student will be provided classwork and homework material so that the student may remain current with school instruction while enrolled in school. The parent/legal guardian shall be required to confer with the administrator prior to the student's reinstatement from OSS.

### **Another Chance**

In partnership with District 19 Community Services Board, Department of Children's Services, and Court Services; Dinwiddie County Public Schools provides an alternative to long-term suspension or expulsion. For all first time offenders of drug or alcohol usage, weapons, and behavioral infractions. This program is an opportunity for students to meet the conditions of their individual contract by completing assigned work, attending intervention/prevention sessions for alcohol usage, drug usage, weapons or behavioral infractions and possibly returning to school the first day after completion of the first session. This alternative would increase our on-time graduation percentage and reduce the dropout rate. The reduced discipline time would depend on the completion of all assigned work and attendance at all six (6) sessions of counseling to include two (2) sessions with the parent.

## LEVEL 5 RESPONSES

*Level 5 responses are reserved for the most serious behaviors, resulting in a report to the Chief Academic Officer (as the Superintendents' designee). The referral to the Chief Academic Officer may not automatically result in a school reassignment, alternative placement, long-term suspension or expulsion.*

**Recommendation for Long-term Suspension** The Principal or designee may recommend the student for long-term suspension up to 45 days, school year, or for

In the case of a recommendation for long-term suspension, Chief Academic Officer shall arrange a time and place for a hearing to be held before a hearing officer within ten school days of the date of notice from the Principal or acting Principal and notify the parent/legal guardian and the Principal or acting Principal. The Principal and any witnesses deemed necessary by the Principal should attend the hearing. The student and the parent/legal guardian shall also be required to attend the hearing. The hearing officer may uphold or modify the recommendation, to include assigning an alternative placement for up to one year. It may

be determined that transfer to another school serves the best interest of the student and the school. The student will remain on out-of-school suspension (OSS) pending the hearing and written decision of the hearing officer. The student is restricted from entering upon school property and is excluded as a participant or spectator from extracurricular activities. The student will be provided classwork and homework material so the student may remain current with school instruction while enrolled in school.

### **Recommendation for Long-term Suspension (up to 45 days)**

The Principal or designee may recommend the student for long-term suspension. The student can be suspended for up to 45 days.

The Principal and any witnesses deemed necessary should attend the hearing. The student and the parent/legal guardian shall also be required to attend the hearing. The Chief Academic Officer may uphold or modify the recommendation. Should the decision be made to uphold the recommendation, the parent or guardian has the right to appeal the decision to the School Board. Instruction will continue to that the student may remain current with academics.

### **Recommendation for Expulsion**

The Principal may recommend the student for expulsion. Upon the recommendation, the Chief Academic Officer shall review the recommendation, which he/she may uphold or modify. If the Chief Academic Officer upholds the recommendation for expulsion, he/she shall notify the student and his/her parent/legal guardian of the time and place of a hearing before the School Board. The student is restricted from entering upon school property and is excluded as a participant or spectator from extracurricular activities. The Principal and any witness deemed necessary should attend the hearing. The student and parent/legal guardian shall also be required to attend the hearing.

Instruction will continue to that the student may remain current with academics.

## BEHAVIORAL INTERVENTIONS

In addition to the use of leveled disciplinary responses to student behavior, DCPS uses a variety of behavioral interventions in order to work as a community to address inappropriate behavior, with a focus on teaching appropriate behavior, restoring harm and repairing relationships. The following behavioral interventions may be used when responding to student behavior:

**Parent/Legal Guardian Contact** - Parent/legal guardian contact may be in the form of verbal communication (e.g., phone call) or written communication (e.g., letter or email).

**Conference** - A conference may be held in person or by virtual means and may include any combination of the following participants: student, parent/legal guardian, administrator, counselor and other school staff. After a first conference is held, additional conferences may be necessary in order to continue to provide support and guidance to the student.

**Behavioral Contract** - The contract is a written agreement between the student, parent/legal guardian and the school, listing requirements for improvement.

**Referral to Support Staff** - A referral to support staff may be made in order to gain targeted assistance to meet a student's specific behavioral needs. Support staff may include any of the following: school social worker, school counselor, school psychologist and other support staff (e.g., mentor).

**Referral to Student Success Team (SST)** - The student response team includes school staff and others who are able to closely examine a student's needs in order to make recommendations for improvement and develop a plan of support.

**Referral to IEP Team** - A student who receives Special Education services may be referred to his/her IEP team in order to determine what actions are needed to support the student. For more information on Special Education services, please visit [Exceptional Education](#) on the school division's website.

**Functional Behavior Assessment (FBA)** - The FBA examines the student's behavior and potential reasons for the behavior.

**Behavioral Intervention Plan (BIP)** - The BIP is a plan developed with information from the FBA. It is designed to put strategies in place to assist the student with changing inappropriate behavior.

**Progress Monitoring** - Methods to monitor and support a student's behavioral progress include strategies such as the check-in/check-out system and/or a behavior progress chart.

**Seat or Schedule Change** - A student's immediate environment may be altered in order to assist the student in behavioral success. This may include actions such as assigning a seat, changing the student's seat and/or changing the student's schedule.

**Restorative Practices** - Restorative practices may be used in order for a student to understand the impact of their actions on others and give the student an opportunity to repair the harm that was done and/or repair relationships. Examples of restorative practices are mediation, formal restorative conferences, restorative circles or groups, and restitution. (see [Restorative Practices](#))

**Referral to Outside Support Agency** - A referral to an outside support agency may be made by the school in order to assist the parent/legal guardian with finding additional resources to assist their student. The cost for participation in programs and/or services by agencies outside of the school division is the responsibility of the parent/legal guardian.

**Referral to Threat Assessment Team** - In circumstances involving a threat to students or staff, a school threat assessment team will meet to evaluate the seriousness of the threat in order to take appropriate action. Members of the team may include the school's administration, resource officer, psychologist and counselor.

## **POLICIES AND PROCEDURES**

### **DCPS POLICIES AND REGULATIONS:**

<https://go.boarddocs.com/vsba/dinwiddie/Board.nsf/Public#>

### **FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)**

[The Family Educational Rights and Privacy Act \(FERPA\)](#) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents/legal guardians certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents/legal guardians or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents/legal guardians or eligible students to review the records. Schools may charge a fee for copies.
- Parents/legal guardians or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent/legal guardian or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent/legal guardian or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.

- Generally, schools must have written permission from the parent/legal guardian or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
  - School officials with legitimate educational interest;
  - Other schools to which a student is transferring;
  - Specified officials for audit or evaluation purposes;
  - Appropriate parties in connection with financial aid to a student;
  - Organizations conducting certain studies for or on behalf of the school;
  - Accrediting organizations;
  - To comply with a judicial order or lawfully issued subpoena;
  - Appropriate officials in cases of health and safety emergencies; and
  - State and local authorities, within a juvenile justice system, pursuant to specific State law.

Directory information is routine information that generally is not considered harmful to disclose. Consequently, this kind of information may be included in school publications and disclosed to outside organizations without the parent's prior written consent – unless the parent has opted out of such disclosure. For students currently enrolled in DCPS, the decision to opt out of the release of directory information applies only to the current school year and the decision to opt out of directory information must be sent in writing to the student's school office within 10 days of receiving this notification. If a student withdraws or graduates from DCPS, however, DCPS will continue to honor the last opt-out decision made while the student attended DCPS, unless DCPS is notified that the choice has been rescinded. The following are examples of directory information that are frequently made available to the general public (including the press):

- School yearbooks (photos)
- Honor rolls, awards, and scholarship lists
- Information to yearbook company to facilitate photos
- Officially recognized activities and sports (weight and height if needed as a member of an athletic team)
- Graduation, theater, athletic, and music programs
- Videos of performances, school activities, graduation, and athletic events
- Articles about school activities and athletic events
- Students' major field of study
- Pictures on division or school websites, promotional materials, annual reports, or other DCPS online or print documents

DCPS does not generally release student birth date, gender, primary/home language, addresses and phone numbers, attendance, weight, height, and other similar information to the press or the general public, even though it is directory information. Unless the parent (or student over 18) has opted out of such disclosures, DCPS will disclose some of these information items only to certain designated organizations. These may include PTAs, athletic booster clubs, state, and county agencies, and other organizations to assist in the provision of services in the best interest of the student. Please note that even if a parent has decided to opt out of the release of directory information to such agencies, DCPS may release this information to such agencies if the release is otherwise authorized by law.

Federal law requires DCPS to release the names, addresses and telephone numbers of secondary school students to military recruiters who request that information. Parents or the student (even if the student is not 18) may opt out of the release of this information. A parent or student decision to opt-out of this release of information remains in effect until it is rescinded.

# SCHOOL JURISDICTION

## Transportation Policies

The School Board will be responsible for maintaining good order and discipline of students while traveling to and from or attending school or school sponsored events. The Superintendent is authorized to take appropriate action against students who are not in compliance with compulsory attendance laws and regulations. The School Board may exercise jurisdiction over students for activities that happen off of school property, outside of school hours or days, and/or through online or social media when such activity disrupts or has the potential to disrupt the educational environment and the operation of school services.

Students are under the jurisdiction of the rules and regulations governing school activities while:

- in transit to and from school as a pedestrian;
- in transit to, from, or at the bus stop
- while riding on a school bus, in a School Division vehicle, or a vehicle being used for school activities;
- while using School Division equipment, computers, School Division provided online resources or networks;
- while outside of school hours or school days if school administrators determine that the student's conduct causes or has the potential to cause substantial and material disruption to the educational environment or the operation of the school or School Division;
- when a student is the subject of investigation, arrest, petition for review, probation and sentencing for criminal conduct unrelated to school matters;
- when public attention or scrutiny of the student causes or has the potential to cause substantial and material disruption to the educational environment; and
- when school authorities determine that there are unique circumstances that justify the need to take action against the student.

## DUE PROCESS

With the requirements of fair and equitable treatment of all students and within the guidelines of applicable case law, and federal and state law and regulation, the following shall constitute the minimum due process procedures to be followed in the detention, suspension and expulsion of students.

1. The student, and parent(s)/legal guardian(s) of minor students shall be given written notice of the charges.
2. If the student denies them, the student will be provided with an explanation of the facts as known to school personnel and an opportunity to present his/her version of what occurred.
3. The student and parent(s)/legal guardian(s) of minor students shall be informed of the conditions of the disciplinary action.

4. In the case of a suspension of more than ten (10) school days or in the case of an expulsion,
  - a) The hearing officer, the discipline committee members, or the School Board members should not be persons with the direct involvement in the incident or the recommended discipline and should not have a personal or professional relationship with the student, the student's family, or the student's attorney.
  - b) The hearing officer, discipline committee members, or the School Board members reserve the right to recuse themselves from a student disciplinary hearing for these reasons or other good and just cause.
  - c) If the student and parent(s)/legal guardian(s) of a minor student fail to appear, the hearing may be held in their absence and a decision may be rendered based upon the evidence that is presented.
5. The adult student or the parent/legal guardian of a minor student may appeal the decision.

*Note: The parent/legal guardian/adult student will be notified about the existence of community-based educational, training, and intervention programs. The cost for participation in programs not offered by the school division is borne by the parent/legal guardian of the student.*

## STUDENT SEARCHES

A student's individual right to privacy and freedom from unreasonable search and seizure is balanced against the school's responsibility to protect the health, safety and welfare of all persons within the school community. Designated school officials may search any student and their property (including privately owned electronic devices) and/or an impairment assessment completed when there is reasonable suspicion that a law or school rule has been or is about to be broken, or there is reasonable basis to believe that the student possesses an item which violates local, state or federal law, school board policies or division regulations, or which may be harmful to the school or its students and staff. Any illegal materials discovered by school administrators will be seized and turned over to appropriate law personnel.

Metal detectors and other types of surveillance equipment may be used in the schools and at school activities for both random searches and where reasonable suspicion to search is present. Police dogs may be used on school property to detect the presences of weapons, drugs, and/or other contraband. Depending on the infraction, appropriate legal charges can be pressed against a student. [Virginia Code §16.1-269.1](#) permits juveniles, 14 years of age or older at the time of an alleged offense to be prosecuted as adults for specific crimes under certain circumstances.

For more information about student searches, see [School Board Policy JFG](#) and [School Board Regulation JFG-R](#).

## QUESTIONING OF STUDENTS

School staff may question or interview minor students regarding violations of the *Code of Student Conduct* and criminal matters without the consent or presence of parents/legal guardians.

## DISABILITIES

### [School Board Policy JGDA](#)

#### **Overview**

A Free Appropriate Public Education (FAPE) must be made available to all children with disabilities aged three to twenty-one residing within its district's boundaries who have not received a high school diploma, including children with disabilities who have been suspended or expelled for more than ten school days in a school year. Students with disabilities are entitled to all the same due process protections as students who do not have disabilities and have additional protections

under federal law, Individuals with Disabilities Education Act (IDEA), and Americans with Disabilities Act (ADA), and state law, Regulations Governing Special Education Programs for Children with Disabilities in Virginia. Students with disabilities who are long-term suspended or expelled are entitled to an expedited decision from a due process hearing challenging the disciplinary action.

### Considerations

It is important to consider the Virginia Department of Education (VDOE) Guidance regarding discipline of students with disabilities that aligns with federal and state regulations:

- All children, including children with disabilities, deserve safe, well-disciplined schools and orderly learning environments;
- Teachers and school administrators should have the tools they need to assist them in preventing misconduct and discipline problems and to address these problems, if they arise;
- There must be a balanced approach to the issue of discipline of children with disabilities that reflects the need for orderly and safe schools and the need to protect the rights of children with disabilities to a free appropriate public education;
- Appropriately developed Individualized Education Programs (IEPs) with well-developed behavior intervention strategies decrease school discipline problems. This also applies to students eligible under Section 504; and
- School personnel may consider any unique circumstances on a case-by-case basis when determining whether a change in placement is appropriate for a student with a disability who violates a *Code of Student Conduct*.

Prior to administering disciplinary action that would result in a change in placement (disciplinary removal for more than ten days), particularly if the student had more than one disciplinary referral during the school year, the school administrator should:

- Contact the Special Education Coordinator/Section 504 instructional specialist;
- Review eligibility documents regarding effect of the disability;
- Review the IEP/Section 504 Plan for behavioral supports and implementation;
- Identify if the team met to review student's instructional needs;
- Determine if the team considered and proposed a Functional Behavior Assessment (FBA) and/or Behavioral Intervention Plan (BIP) and/or revision; and
- Determine if there is a need for a referral to the Special Education Committee (SEC)/ Section 504 reevaluation team to consider the possible need for updated assessments.

Building administrators should consider options to continue to provide IEP/Section 504 accommodations, supports, and services so that students have access to their educational programming during removals from the classroom.

Benefits to providing educational programming in these instances ensure that students do not fall behind in coursework and offer the opportunity for students to acquire skills necessary to modify behavior upon return to school.

### **Removals**

In most cases, students with disabilities cannot be removed for more than ten school days during a school year for disciplinary purposes. If a student is removed for more than ten school days due to a disciplinary infraction, it is considered a long-term removal or change in placement, and a Manifestation Determination Review (MDR) must be conducted.

A short-term removal is for a period of time of up to ten consecutive school days or for ten cumulative school days in a school year and does not constitute a pattern or change of placement.

A long-term removal (change in placement) is for more than ten consecutive days, or if there has been a series of short-term suspensions totaling more than ten days that form a pattern of behavior:

- a. Because the removals cumulate to more than ten school days in a school year;
- b. Because the child's behavior is substantially similar to the child's behavior in previous incidents that results in a series of removals; and
- c. Because of such additional factors such as the length of each removal, the total amount of time the student is removed, and the proximity of the removals to one another.

### **Section 504**

For questions regarding discipline of students eligible under Section 504, contact the Section 504 instructional specialist assigned to the school or contact the Office of Exceptional Education at (804) 469-4190.

### **IDEA**

For questions regarding discipline of students eligible under IDEA, contact the Special Education Coordinator assigned to the school or contact the Office of Programs for Exceptional Children at (804) 469-4190.

## **SUSPENSION APPEAL PROCEDURES**

### **In-school Disciplinary Actions**

Should a parent/legal guardian disagree with an in-school disciplinary action of the school (e.g., detention, In-School Suspension), the parent/legal guardian may appeal the school's decision using the following guidelines:

- 1) The parent/legal guardian must submit a written appeal to the Principal. The Principal should receive the appeal within three (3) school days of the parent/legal guardian receiving notification of the discipline decision.
- 2) The Principal will meet with the student or the parent/legal guardian of a minor student and respond within five (5) school days of the receipt of the appeal.

*Note: The Principal may assign a designee to meet with a student or the parent/legal guardian of a minor student and to respond in writing within five (5) days of the receipt of the appeal if the Principal will be absent during the five (5) day appeal period.*

- 3) The decision of the Principal is final.

## **Out-of-School Suspension (OSS) Ten Days or Fewer**

Should a parent/legal guardian disagree with an out-of-school disciplinary action of ten days or fewer, the parent/legal guardian may appeal the school's decision using the following guidelines:

### **First Level – Appeal to the School Principal**

- 1) The parent/legal guardian must submit an appeal to the Principal. The Principal should receive the appeal within three (3) school days of the parent/legal guardian receiving notification of the discipline decision.
- 2) The Principal will meet with the student or the parent/legal guardian of a minor student and respond within five (5) school days of the receipt of the appeal.
- 3) Note: The Principal may assign a designee to meet with a student or the parent/legal guardian of a minor student and to respond in writing within five (5) days of the receipt of the appeal if the Principal will be absent during the five (5) day appeal period.
- 4) If the parent/legal guardian disagrees with the Principal's decision, the parent/legal guardian may follow the steps under the second level appeal (below).

### **Second Level – Appeal to the Chief Academic Officer**

- 1) The parent/legal guardian must submit an appeal to the Chief Academic Officer. The Office of Academic Services should receive the appeal within three (3) school days of the parent/legal guardian receiving notification of the Principal's decision.
- 2) The Chief Academic Officer will investigate the matter and respond in within five (5) school days of the receipt of the appeal.
- 3) Acting as the Superintendent's designee, the decision of the Chief Academic Officer is final.
