Do you want to be a yearbook star?

Since this year our learning has looked so different. Many students have been learning virtually and we have been unable to take pictures due to social distancing. We need your help to make our yearbook the best one yet. Below is a list of topics we want to cover in our yearbook this year. Upload your pictures to our Replay It site using the directions under our yearbook section. We love to have photos depicting pairs or groups of students as well (following mask protocols). The more photos you upload the more chance you have to be in the spotlight in our yearbook.

Topics:

Pets: Show us a photo of your pet or pets. The cuter the better. Do you take selfies with your pet? Does your pet do something weird? Do they do tricks? We want pictures of all of that.

DMS Artists: Are you artistic? Do you have a musical talent, singing talent, painting/drawing talent, or maybe an acting talent. Submit photos of you showing your talent. You may also submit pictures of your work.

Sports: Traditional school and recreational sports have been put on hold or altered. Please submit photos of you and your friends participating in recreational sports.

Holidays: Any holiday goes. Submit photos of you and your friends celebrating Halloween, Thanksgiving, and Christmas. It's ok to include some shots of your birthday celebration too. After all, it is a holiday right?

Outdoor Fun- After being cooped up due to things like Covid and weather many people had cabin fever. Some people helped shake off the boredom of being indoors by having a little fun outside. Submit photos of you and your friends or family having fun outside at home, at the beach, or in the mountains.

Distance Learning: Show off your virtual learning spots and faces.

Vacations: If you were able to vacation send us some pictures of where you traveled and activities you did.

Hungry vs Hangry: Are you a foodie? Do you like to cook? Do you like to eat out? During quarantine how did it change the way you eat? Send us pictures of dishes you made, yummy food you ate, or places you ate out when allowed. We would even love to see your hangry faces.

Tik Tok: It is all the rage right now. Do you tik tok? Send us a picture of some of your favorite Tik Tok moves.

Ice Storm: Send us any pictures you took during the storm.

Back To School: Share your back to school pics with us. You have to show off that first day of school outfit.

Talents: Do you have a talent you want to share. Send us photos of you performing your talent.

Quarantine Fashion: What has been your favorite fashion item to wear most during the pandemic. Show off your favorite look...even if it is pajamas.

Shark Tank: Are you a young entrepreneur? If you have products you make and sell send us a picture of you hard at work. Don't forget to show off your products too.

Boredom Busters: Show us your photos of how you battle the boredom during quarantine.

Best Friends: Simple...send us photos of you and your bestie or besties having fun.

Selfies: Send us your favorite selfie.

Bitmoji: Share your Bitmoji and see if everyone else can spot you.

We can't wait to see your submissions. The sooner you send them the more likely that your photos will be used in our spreads.
